

GERÄTEBAU Felix Schulte GmbH & Co KG, Rangestraße 46-48, D-59581 Warstein

## NEWS!

### PRESS RELEASE

16. February, 2010

**PLANILUX®/Gerätebau Felix Schulte GmbH, the German manufacturer of ergonomic radiology furniture, presents ELTRONO® and its new developments, at ECR - the European Congress of Radiology in Vienna, 5.- 8. March 2010.**

ELTRONO® is the most advanced radiology working environment, for digital image reading and teleradiology users, to be found on the market, since its introduction in 2003.

This year, in order to meet customer requirements Planilux® has put strength into new members of the ELTRONO® Family, the BASIC- and ERGO Line.

The BASIC- and the ERGO Line are designed with the same quality aspects in mind, as for the state-of-the-art ELTRONO® 2008. The new developed lines, both offer an ergonomic motorized height movement and are designed to offer full flexibility for the customer. This enables the customer to choose his or her individual choice of features and functions in order to obtain the most productive and comfortable working environment.

If you would like to know more about our ELTRONO® Family, please welcome to visit us at ECR in Vienna. You will find us in **Expo E, booth No 539.**

#### Gerätebau Felix Schulte / Planilux®

Planilux® has been well established in the X-ray world market for more than 60 years. Planilux® is a leader in manufacturing high quality and motorized X-ray film viewers, with well known brands as Rotolux and Mammolux. Planilux® has during the latest years extended the product line with designs within digital radiology and ergonomic radiology furniture. The company is based in Warstein, Germany.
