

» The Solid

ELTRONO® BASIC is the optimal solution for creating a comfortable workplace when working in front of monitors.

With the height adjustment, the workplace adjusts to different users and allows an individual working position both in sitting and standing. **ELTRONO® BASIC** offers, depending on size, a possibility to mount 4 monitors.

In order to be comfortable all day long, select from a wide variety of features and options to personalize your **ELTRONO® BASIC** workplace.

- + ONE SINGLE WORK SURFACE
- + USER FRIENDLY FUNCTIONS
- + CABLE MANAGEMENT PLACED UNDER THE WORK SURFACE
- + HEIGHT ADJUSTABLE
